Welcome to Panatta Sport World!

Panatta, is one of the top 2 Italian gym equipment brands manufacturer and one of the top 5 in the World.

Our equipment is a perfect solution for Residential/ Hospitality or Commercial gyms. With our great reputation all over the world and quality certifications, we guarantee our clients the maximum performance.

The Panatta Cardio Fitness is a perfect combination of shape and technology, beauty and functionality, 100% made in Italy.

Panatta offers a maximum customization service with an excellent value for money.

PANATTA is the longest-lived Italian Company in the Fitness Industry, the one and only to produce totally Made in Italy.

PANATTA was founded 5 decades ago by the passion of Rudy PANATTA; the company bases its roots in the origin of the physical culture.

The success of PANATTA brand in the world has been possible thanks to the total control of the development cycle and the production process of each single machine, whose production phases are all carried out inside the company. The company expands over 20,000 m² of complete indoor property plants, located in the heart of the Marche region

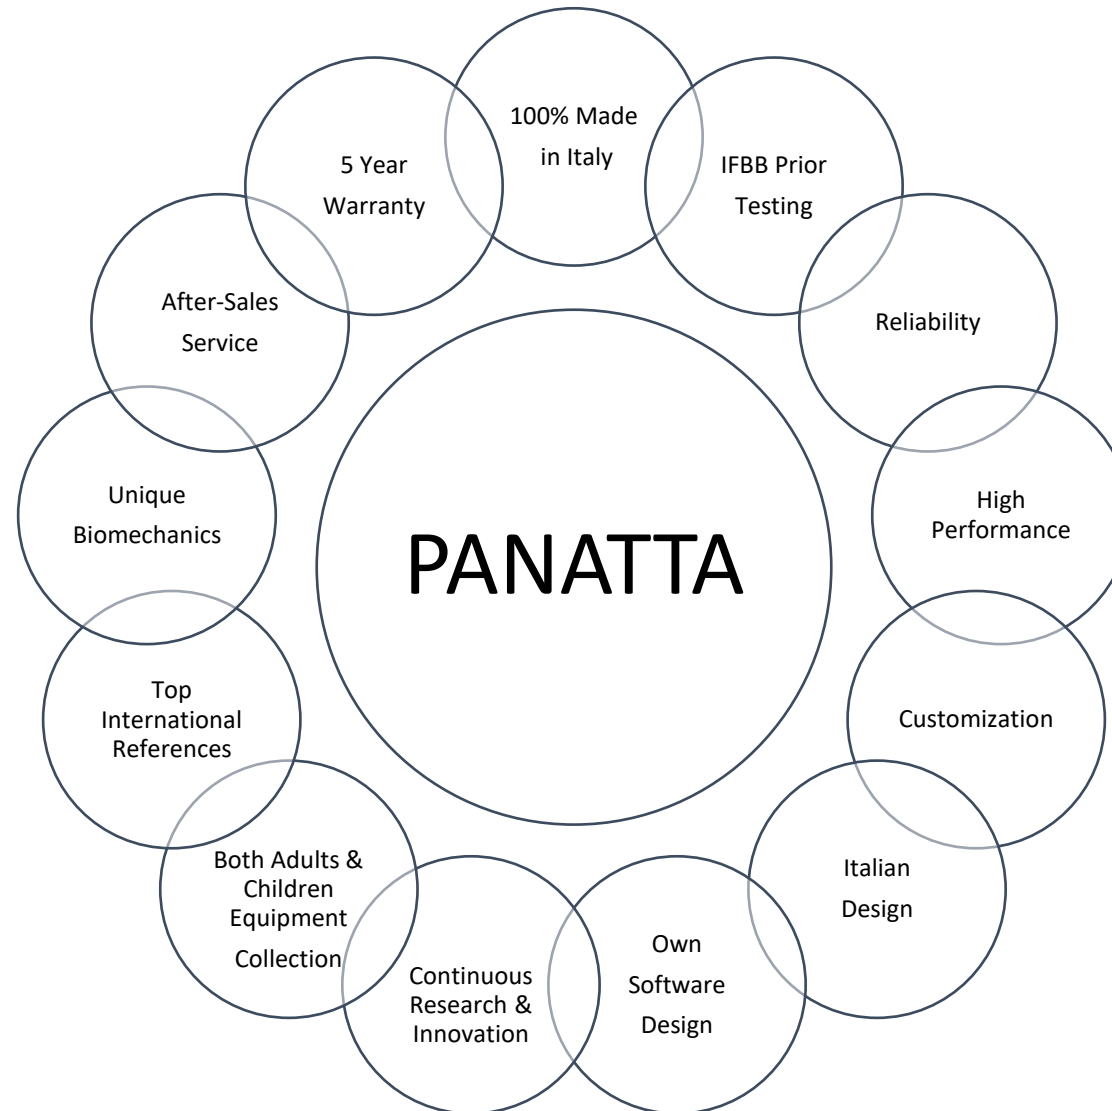

MANUFACTURING PLANT

- Laboratory of prototypation
- Laboratory test
- Mechanical department equipped with 16 manual welding working stations, three-dimensional Robot welding with 10 axles and numerical control machine centre
- Mechanized production centre for counterweight including cutting, drilling and finishing operations (1 weight every 38 seconds)
- Polyurethane molding department with a double system for flexible production (paddings) and end-to-end management (platform, cloche, etc.)
- Powder coating plant in line: sandblasting machine for cleaning the pieces, 3 painting booths with robotic system, oven and 250 m long aerial conveyor that delivers the finished product directly to the assembly department. Operating system on multiple shifts.
- Isotonic and cardio fitness assembly departments
- Quality control and final testing of every single realized product
- Logistic office and shipping with robotized packaging system

WHY CHOOSING PANATTA?

Designed and Produced in Italy

For PANATTA, Made in Italy means: design, beauty, qualitative excellence, craftsmanship and extreme passion. Our equipment is designed, produced and tested in Italy.

The best materials for a unique and long-lasting product

PANATTA uses materials and technologies from the automobile sector, the best leather and technical fabrics used on ships, 3 to 5 mm thick tubes and aluminium single casts to create sturdy and high-quality products built to last. Each device is tested to last a lifetime.

Technology at the service of function

PANATTA invests in innovation every day thanks to its in-house R&D department and by collaborating with the best international design and engineering studios. An innovative three-dimensional automated welding process carries out superior quality assembling. The automated painting system guarantees high-colour rendering and, thanks to 4 coats of paint, provides optimal rust-resistance. The internal embossing of padding facilitates control of softness and resistance of the seats according to the needs of the customer.

Certifications

PANATTA is ISO 9001-2008 and ISO 14000 certified.

AFTER-SALES CONTRACTS

Protect the value of your equipment over time!

With regular and scheduled maintenance, PANATTA equipment will provide better performance and will retain their value over time.

All of our contracts envisage two or more scheduled maintenance interventions carried out by PANATTA-authorized technicians, so as to verify the function of all the parts in motion (cables, straps, chains, pulleys, belts) and to lubricate, clean and tighten the components. Agreeing to an assistance contract also gives you the right to additional discounts on all spare parts as well as priority status should you make a request for information.

FULL SERVICE

Full Service means no longer having to worry about equipment management. The service includes scheduled maintenance interventions, periodic replacement of all wear parts and 5-year warranty. The best way to maintain the value of your investment over time.

WARRANTY EXTENSION

The service offers the opportunity to extend the warranty on all products by up to 5 years. In this contract, all the spare parts, with the exception of materials subject to normal wear and tear, are free of charge. Two or more annual maintenance check-ups are envisaged and are to be determined on the basis of the customer's needs.

STANDARD SERVICE

Under the Scheduled Maintenance Contract, the Assistance Service will undertake actions two or more times per year to ensure the excellent operation of the PANATTA equipment and perform all maintenance interventions. The certainty of having perfectly operational products increases their reliability and duration.

ORIGINAL SPARE PARTS

PANATTA quality standards do not only apply to the designing and production of fitness equipment but also to the making and checking of all PANATTA spare parts. All PANATTA spare parts are subjected to extensive testing by our R&D centre, so as to ensure consistent high quality. To achieve maximum safety and reliability, the PANATTA Assistance Service ensures that only original spare parts are used for equipment repairs.

		FULL SERVICE	WARRANTY EXTENSION	STANDARD SERVICE
INTERVENTIONS	Two or more annual scheduled maintenance operations performed by PANATTA-authorized technicians.	✓	✓	✓
